

***Sherrell R. Greene***  
***President***  
***Advanced Technology Insights, LLC***

Sherrell Greene is the President of Advanced Technology Insights, LLC which he founded in 2012 after a 33-year career at Oak Ridge National Laboratory.

While at Oak Ridge, he served as Director of Nuclear Technology Programs, and led the laboratory's nuclear energy R&D activities with the Department of Energy, the National Nuclear Security Administration, the Nuclear Regulatory Commission, and the National Aeronautics and Space Administration.

He is a nuclear engineer by training, and a recognized expert in the fields of nuclear reactor severe accident safety, systems analysis, and advanced energy technology assessment.

Sherrell recently returned to the University of Tennessee as a Ph.D. candidate. His Ph.D. research focuses on the potential for a new generation of resilient nuclear power plants (rNPPs) to anchor dramatic improvements in U.S. electric Grid and Critical Infrastructure resilience.
