

Alex Popova
Regulatory Lead
Oklo Inc.

Alex is a regulatory lead at Oklo, focusing on interactions with the regulator and other external industry stakeholders. Additionally, Alex also works on and manages several technical projects with national laboratories. Prior to joining Oklo, Alex worked at the U.S. Nuclear Regulatory Commission.

There, she held several positions, including being a technical reviewer, a project manager, and a traveling facility inspector.

Alex holds a B.S. in Nuclear Engineering from the University of Tennessee, Knoxville.
