

Meshelle has 30 plus years of professional experience in public power, including human resources and other leadership positions. Her experience consists of partnering with leadership teams in workforce development, succession planning, and talent acquisition along with human resources service delivery. She has broad based public utility related experience related to process improvement, materials management and procurement, and emergency preparedness.

Meshelle joined TVA in September 2017 as the Site Human Resources Manager at Watts Bar Nuclear Plant (WBN) In October 2019, she transferred to Browns Ferry Nuclear Plant. Meshelle was promoted to the Sr. HR Business Partner – Nuclear in August of 2020, where she leads a team of eight to twelve leaders and individual contributors support TVA's nuclear fleet.

Prior to joining TVA, Meshelle worked at Nebraska Public Power District for twenty-eight years, fourteen of those at Cooper Nuclear Station. Meshelle served her former utility in leadership roles such as Site HR Manager, Emergency Preparedness Manager in addition to Process Improvement Coordinator and Materials, Procurement and Contracts Manager.

Meshelle has a masters degree in leadership, a bachelors degree in HR; holds certifications as Sr Professional Human Resources (SPHR) and Sr Certified Professional (SHRM-SCP) and is a Lean Six Sigma Green Belt. She is a member of Women in Nuclear and serves on the Diversity, Equality and Inclusion working group.
